HARROLD'S REVIEW

Oct. 1, 1950

Vol. 9, No. 4

HARROLD'S PANSY GARDENS & GREENHOUSES

P. O. BOX 29 — GRANTS PASS, OREGON.

BETTER PANSIES NEXT SPRING

Right now is the time to fill your beds in your own nursery for those popular early spring Pansy plants that will sell so well next spring. By doing this you will have the finest possible stock, much better than anything you can buy next spring for sale immediately on arrival and you'll have plants that will make a reputation for your nursery because they give your customer greatly superior satisfaction.

HARROLD'S PEDIGREED STRAIN PANSIES have built profitable reputations for hundreds of retail nurserymen because of their high quality and the desirable habits and beautiful color range. Where your expected winter temperature minimum is above ten degrees above zero little protection need be provided. Where winters are more severe some protection will be required. This, however, need be no more than some evergreen boughs layed over the bed so as to afford protection from rapid freezing and thawing. Some growers use a light mulch of marsh hay or straw while a few prefer to winter them under glass cold-frame sash. In any event wintering is no problem providing drainage is good.

The Pansy plants offered in this list are grown by an exclusive Harrold method. They are grown in open fields of sandy loam soil especially suited to the development of large, fibrous root systems and husky plants the equal of what is frequently sold as transplants. Our prices are reasonable for the quality and size of plant supplied and with our prepaid price you know exactly what the net cost to you will be. With suggestion you can sell many of these yet this fall to be planted by your customer direct in their garden. Once they learn the advantages of fall planting of these plants you'll find it to be quite popular.

ORDER YOUR SEASONS PANSY PLANTS TODAY.

Harrold's Pedigreed Strain Pansy Plants

This is our regular list of Pansy plants at regular prices. All the varieties listed will be labeled as to name. Please specify whether the large open field plants are desired or whether you prefer smaller plants of a size for flat transplanting. Either size at the same price. If no instructions are given we will send our regular large grade of plants, usually practically the equal of what most growers supply as transplants. Shipping weight: Large size 20 to 30 pounds per 1,000 plants; flatting grade 12 to 20 pounds per 1,000 plants.

OUTSTANDING GIANT MIXTURES

VARIETY	Price per	100	1,000
HARROLD'S PEDIGREED GIANT ART SHADES: The ultimate in the Exhibition types. Largest size, exquisite color range in shades best adapted to brilliant mass bedding. Most popular. Express Col.	\$.....		\$14.00

QUANTITY PRICES

Mixtures will be supplied in quantities of 3,000 or more as follows. Assortment may consist of 3,000 or more total not less than 1,000 of a variety.

HARROLD'S PEDIGREED GIANT ART-SHADES: 3,000 Express collect \$35.00.

HARROLD'S PEDIGREED SWISS GIANTS: 3,000 Express collect \$35.00.

HARROLD'S PEDIGREED GIANTS: 3,000 Express collect \$30.00.

HARROLD'S IMPROVED SWISS: 3,000 Express collect \$28.00.

HARROLD'S ALL-AMERICAN BEDDING MIXTURE: 3,000 Express collect \$28.00.

JUMBO MIXED: 3,000 Express collect \$30.00.

OREGON GIANTS: 3,000 Express collect \$28.00.

MAPLE LEAF GIANTS: 3,000 Express collect \$28.00.

QUANTITY RULES ON PANSY PLANTS

Any item for less than 250 of a variety will be invoiced at the 100 rate. Two hundred fifty or more of a variety will be supplied at the 1,000 rate. Not less than 3,000 will be supplied at the quantity rate and then not less than 1,000 of a variety may be included in this quantity quotation. The shipping weight of plants varies a great deal with the varying size of plants at shipping time and the moisture of the soil at the time stock is dug. For that reason it is difficult to give a fixed shipping weight or to quote a uniform and definite prepaid price. PLEASE EXAMINE OUR NEW PREPAID SCHEDULE WHEN ORDERING.

All our plants are wrapped in bundles of 10, 25 and 50 depending on size of stock. Wrapping is done in new, special paper wrappers with the roots protected by moist sphagnum moss. Packing is in especially adapted fiber-board cartons, ventilated for safe delivery. Our shipping methods have been proven by use during the past 40 years and good delivery is possible to any part of the U. S. A.

WE DO NOT SUPPLY ANY STOCK IN FLATS.

Unusual Pansies

HARROLD'S EXCLUSIVELY BRED NOVELTIES AND SPECIALTY VARIETIES

VARIETY	Price per	100	500
C. W. HARROLD'S PRIVATE BLEND: This is our NEWEST 1949-1950 novelty. Seed harvest has been better than expected earlier and we are able to offer a modest supply of these plants now. For typical coloring see color plate on the July 1st edition of this publication. Colors and combinations in this mixture exceed 800 all different. Flowers, while not as large as our Harrold's Pedigreed Giant Art-Shades are of heavy texture and ruffled and fluted. Coloring is extensive in orchid and pastel shades with many polychrome combinations of metallic sheen. Does not sunburn badly as so many light shaded sorts do and there is practically no trace of albino characteristics. The Pansy of the next ten years perfected for you now.			
Delivered prepaid by Parcel Post.		\$4.00	\$16.00

UNUSUAL PANSIES Continued On Next Page

UNUSUAL PANSIES Continued

VARIETY	Price per	100	500
HARROLD'S PEDIGREED NOVELTIES: Surplus from our breeding work. Many unusual types and colors. Delivered prepaid by Parcel Post.		\$4.00	\$16.00
HARROLD'S ATOMIC DAWN: Our 1948-49 season Novelty. Pastel shades of delicate pink, blue, light gold and apricot blending in many multicolor combinations including many orchid like shades. Flower form good with medium size. Delivered prepaid by Parcel Post.		4.00	16.00
HARROLD'S SUNSET GIANTS: Sunset tints of orange, gold and red. Very striking. Delivered prepaid by Parcel Post.		4.00	16.00
HARROLD'S PEDIGREED POT PANSIES: This is a dwarf growing type that is best suited for growing in window and porch boxes; large pots or tubs or anywhere that a dwarf compact plant is desired. The flowers are large and color range as varied as our Harrold's Pedigreed Giant Art-Shades. Delivered prepaid by Parcel Post.		3.50	14.00
HARROLD'S PEDIGREED CUT-FLOWER PANSIES: Original type. This is the shorter growing type of our two strains of this special purpose stock. Does well under glass or for outdoor cut-flowers producing longer stems than average bedding type stock. Flowers are large and color range is most varied. Delivered prepaid by Parcel Post.		3.50	14.00
TALL CUT FLOWER: A taller version of the above variety, plants growing up to 4½ feet. Flower stems are unusually long sometimes as long as 16 inches. Color range is excellent as is the size of flowers. This sort is, however, not as hardy as bedding Pansies and will not stand temperatures lower than 20 degrees above zero. Bred expressly for greenhouse culture. Delivered prepaid by Parcel Post.		8.00	50.00
The prices on this group include shipping charges in U. S. A.			

FORMAL SEPARATE COLORS

VARIETY	Price per	100	1,000
HARROLD'S AZURE GIANTS: Finest brilliant deep blue. Delivered postpaid by Parcel Post.		\$2.50	\$20.00

HARROLD'S RUBY GIANTS: Best selected red shades. Delivered postpaid by Parcel Post.		2.50	20.00
CORONATION GOLD: Finest pure yellow self. Delivered postpaid by Parcel Post.		2.50	20.00
PAY DIRT: Very large golden yellow with penciled throat. Delivered postpaid by Parcel Post.		2.50	20.00
The prices on this group include shipping charges in U. S. A.			

PARCEL POST DELIVERY
AT ACTUAL COST.

Under the following formula you PAY ONLY THE ACTUAL POSTAGE COST TO YOUR INDIVIDUAL POSTOFFICE.

When ordering material offered on a prepaid basis remit the prepaid price in full. We will then make shipment invoicing the merchandise to you at the COLLECT PRICE. We will pay the exact postage plus insurance fee necessary to deliver the shipment to you. When we mail you the invoice WE WILL REFUND ANY DIFFERENCE BETWEEN ACTUAL POSTAGE AND ALLOWANCE MADE back to you with the invoice. The differential in price for the two different services is based on what has proven to be average shipping weight and maximum distance of shipment. In a few cases at extreme distance we might have to bill you for a few cents. Conversely those customers living close by will receive refunds proportionately greater in adjusted transport costs. Actually the ratio will work out roughly that customers over 1400 miles distant will pay 60 to 110% of transport differential; 600 to 1400 miles 45 to 70%; 150 to 600 miles approximately 20 to 40%. The overall saving as compared to Express shipment will average about 40%. The selection, however, is up to you.

NOTICE: We will not prepay postage in any case except on the terms set forth above. Where these conditions are not fully met shipment will be by Express Collect ONLY.

PANSY and VIOLA SEEDS

We grow one of America's foremost lines of specialist bred Pansy seeds. In addition to the extensive line of Harrold's Pedigreed Strain Originations we stock and supply reliable seeds of practically every domestic or imported strain of Pansies that are of any value. In fact our current pansy seed list offers 63 distinct types, strains and varieties. We will gladly supply a copy on request. No matter what your requirements are in Pansies we can supply the sort best adapted for that need.

In Violas our stock is very extensive and varied. Here again we do not believe it is excelled in this country. This year these are available in seeds only as we have needed the production facilities formerly used for Viola plants to increase our Pansy plant production. These two groups are a major specialty with us and it is our intention to have all of the best in these groups for you.

Coleus Seeds

These are a new item to our line and come to us from one of the finest collections in Europe. They are all of the Hybridus type and make excellent pot, border and accent plants that are always popular. Growing from seed always develops many plants with new foliage colors and markings so these should prove both interesting and profitable.

SMALL LEAVED MIXTURE: Brightly colored and compact.

LARGE LEAF TALL: A mixture of brilliantly colored plants of robust habit.

GLORY BLEND: Large leaved and compact. Excellent for pots or edgings with the most brilliant hues.

PRICE per Pkt. \$1.00; 3 for \$2.50; ¼ oz. \$2.50; ½ oz. \$4.75.

These are of the most interest to the fanciers and experimentally minded grower and we know there are a great many such growers among our professional clientele. This seed is gathered from one of the finest collections in the country and has no superior as far as quality and variety is concerned. A comprehensive culture sheet comes with every shipment of these seeds.

SUPERLATIVE MIXTURE: Includes many pastel shades. All seed are from crosses between varieties having A. F. S. ratings of 'A' or 'B'. Trial pkt. about 150 seeds \$2.00; 1,000 seeds, \$11.00; ¼ oz., \$18.00; ½ oz., \$30.00; ¾ oz., \$45.00.

DOUBLE AND SINGLE MIXED: A very choice collection from hand made crosses in all colors. Trial pkt. about 200 seeds, \$2.00; 1,000 seeds, \$6.00; ¼ oz., \$10.00; ½ oz., \$18.00; ¾ oz., \$30.00.

TO CULTURE: Germinate in sterile soil at 65 degrees. Cover lightly (¼th inch) with sand or peat moss. Treat with Semesan. Keep moist but not wet. Transplant into sandy loam and leaf mold. Feed cow manure water.

Hardy Primroses

Primula Polyanthus-Veris Hybrids
HARROLD'S PEDIGREED GIANTS

Developed in our breeding department after many years of intensive work we believe this to be the finest in this type. The plants are pleasingly compact but of robust growth, usually from 8 to 10 inches high under good culture. Flower stems are 12 to 16 inches with flowers well above the foliage. The flower heads, composed of many florets which are often individually larger than a silver dollar, are often 8 inches or more across. Coloring is the most brilliant of any strain available in this type. While available in mixed colors only, the blend contains yellow, red, purple and white in the more common shades plus pink, flame and bronze shades in pastel and poly-chrome combinations that are rare. A few blue shades are in the mixture. Marking of the flowers is just as outstanding with selfs blotched and laced markings in the flowers.

FRESH TESTED SEEDS

Price per Trade Packet about 300 seeds, \$1.00; 3 for \$2.50; ¼ oz., about 1500 seeds, \$4.00; ½ oz., \$7.50; ¾ oz., \$14.00; 1 oz., \$25.00; 2 ozs., \$95.00. Planted indoors now these can be bloomed by spring enough to sell in three or four inch pots.

SEEDS OF OTHER HARDY PRIMROSES

These seeds may be planted with excellent results up to the first of the year for small bedding plants for next spring sale. The earlier planted the more plants will show color by sales season next spring. From now on it will be best to plant these in a cool greenhouse or a frame where they can be kept in steady growth until spring as they will continue to develop right through the winter months this way. We suggest the showing of some mature plants during the sales season to promote their sale.

VARIETY	Price per	Pkt.	¼ oz.	½ oz.	¾ oz.	1 oz.
OREGON GIANTS: (Polyanthus) A giant strain from an outstanding Ore. specialist. A wide color range in the soft light shades.		\$1.00	\$3.25	\$6.00	\$11.00	\$20.00 \$35.00
OLYMPIC GIANTS: A giant Polyanthus strain from the collection of a Wash. State breeder. Basically from Pfitzer's Colossea and English strains. Good color.		1.00	3.25	6.00	11.00	20.00 35.00
POLYANTHUS MIXED: Good standard strain of pleasing color range.....		1.00	2.50	4.50	8.00	14.00 25.00

CASHMERIANA: Denticulata. Small florets of lilac in large, dense heads. Plants about 10 inches high and free flowering.		1.00	4.00			
AURICULA: Popular alpine for shaded rockery. Requires alpine situation and rocky soil with free drainage. Flowers are large in medium clusters. Coloring most varied and exclusive to this group. Each floret invariably with center blotch of contrast shade to rest of flower.		1.00	2.00	3.25	6.00	11.00 20.00

WE SUPPLY FREE CULTURE SHEET WITH ALL PRIMROSE ORDERS.

Hardy Carnations

This group has been extremely popular with our trade for many years and we offer here a most complete line of this Hardy Border group.

They will be found to be well adapted to outdoor growing, much more so than the American Type Florist Carnations grown indoors by florists.

They differ from the Greenhouse carnation in that the plant habit is hardier making them more satisfactory as an outdoor subject and while the flowers are somewhat smaller they are pleasingly spice scented. These are subject to some variability in doubleness in differing environment therefore are not expected to be 100% double when grown in varying conditions. They are Garden Carnations, not Garden Pinks.

VARIETY	Price per 25	100
CHABAUD'S GIANT DOUBLE: A semi-hardy that will stand down to about 18 above without protection. Plants rogued for doubleness (about 95%) and color (about 95%) 16 to 20 inches high.		
Aurora: Coppery salmon.	\$2.25	\$ 8.00
Deep Rose: As named.	2.25	8.00
Flesh Pink: Real light pink.	2.25	8.00
Jeanne Dionis: Large pure white.	2.25	8.00
Legion of Honor: Salmon rose.	2.25	8.00
Marie Chabaud: Canary yellow. Variable.	2.25	8.00
Nero: Brilliant crimson.	2.25	8.00
Ruby Red: New dark red.	3.00	10.00
Sparkler: Cardinal red. Very popular.	2.25	8.00
The Pearl: Attractive rose pink.	2.25	8.00
Striped Mixed: Mostly rose, pink and red striped white.	3.00	10.00
Fine Mixed: All colors of this type.	2.00	7.50
DOUBLE SUPER-GIANTS: About the same hardiness as Chabaud but larger flowers more fully double. Clove scented.		
Scarlet Wonder: Intense scarlet.	3.00	10.00
Red Wonder: Deep blood red.	3.00	10.00
Yellow Wonder: Soft canary yellow.	3.00	10.00
White Wonder: Immense snow white.	3.00	10.00
ENFANT de NICE: Everblooming. Large intermediate flowers of brilliant coloring, freely produced. A bit hardier.		
Red: Blood red.	2.50	9.00
Rose: Deep pure rose.	2.50	9.00
Salmon: A light pastel shade.	2.50	9.00
Scarlet: Very bright.	2.50	9.00
Striped: Colors mixed with striped and ray markings.	3.00	10.00
Pale Pink: A soft flesh pink.	2.50	9.00
White: Large pure white.	2.50	9.00
Enfant de Nice Mixture: All the above in nice blend.	2.25	8.00
GRENA DIN FULL HARDY: Fully hardy anywhere in the U. S. Flowers not so large but freely produced. Good doubleness.		
Black King: Dark maroon red.	2.50	9.00
Cardinal Red: A brilliant shade.	2.50	9.00
Triumph: Deep rose pink.	2.50	9.00
Golden Sun: Medium canary yellow.	2.50	9.00
White Gold: Soft cream.	2.50	9.00
Snow White: Gleaming pure white.	2.50	9.00
Grenadin Mixture: A mixture of all the finest colors.	2.25	8.00

Double Choice Mixed: Very fine colors.	1.25	4.00
TRITOMA — Red Hot Poker.		
Pfitzer's Hybrids: The finest standard sort.	1.25	4.00

TUBEROUS BEGONIA SEEDS

It is now time to order your seed of these for planting this coming season. New crop seed will start becoming available in October and will be in your hands to start planting for the early season. In the warmer climates early planting is advised and here late November or early December is not too early. Where summers are cool and hot weather comes late or not at all plantings made as late as mid April will show some bloom the first year and make nice tubers for the following season. Depending on the time of year and culture given it is possible to have many blooms in four to six months after planting.

The plants are usually transplanted twice and set out doors after danger of frost is past, when they are about 5 to 8 inches high. Normally such plants will start blooming by August and continue until frost. Seedling plants are of course later to bloom than those grown from tubers. You may grow tubers for next year planting from these seeds planted this season.

The seeds are extremely fine and require careful attention to their culture. This requirement is fully covered in detail by our 17 page cultural booklet that accompanies each shipment. Pleasing results can be obtained with a little care.

HARROLD'S FANCIERS MIXTURE

This is a general mixture of seeds from our very large collection. This collection consists of over a hundred different types and colors and will afford attractive sales plants next spring if planted early enough to bloom the plants by selling time from April through June. These are of course all hand pollinated and many select crosses have been made to produce this seed. We believe this to be valuable stock for any grower and especially for those just entering this culture and the smaller grower-retailer. SEEDS: Our packets contain in excess of 500 seeds. With reasonable culture and success you should produce more than 250 plants to the packet. PRICE is \$2.50 per packet; 3 pkts., \$5.00; 10 pkts., \$15.00; 25 pkts., \$30.00.

SEPARATE TYPES

CAMELIA FLOWERED GIANT DOUBLE: In mixed colors only.
 CARNATION FLOWERED GIANT DOUBLE: In mixed colors only.
 CRISPA SINGLE FRILLED: In mixed colors only.
 PRICE: Per pkt., about 500 seeds, \$2.50; 3 for \$6.00; 10 for \$18.00. assorted or selected.

Do You Like To Save Money?

HERE'S SOME SEED YOU'LL BE WANTING PRETTY SOON!

Last January we first issued this new type of seed list. It's proven pretty popular because it saves you money without reduction in quality; it makes it easy to determine how much seed you need for a given number of plants with normally good culture and it reduces the need to order more seeds than you need. The seeds are all the newest crop and from the foremost American breeders and growers who specialize in Florist Strain Seed.

By listing by decimal instead of geometric fractions the flexibility in cataloging, shipping and maintaining inventory gives us a substantial saving in overhead which we can and do pass on to you. Compare our prices here with that of standard seedhouses; you'll find that we give you the smallest fractional ounces at normal ounce rates or less.

This Is Different Than Any Seed List You've Ever Seen Before.

IN ORDERING FROM IT PLEASE OBSERVE THESE CONDITIONS. It will be noted that items are listed in units of .01 oz. (1/100th. oz.) or .1 oz. (1/10th. oz.) in less than ounce quantities. If listing is by .01 oz. and you want $\frac{1}{4}$ th. oz. (25/100ths.) order .25 or .3 to get $\frac{1}{4}$ th. oz. Where listing is per .1 oz. and $\frac{1}{4}$ th. oz. is desired either order .2 or .3 which bracket the .25 which is the decimal of $\frac{1}{4}$ th. oz. All other quantities may easily be computed in the same way. PLEASE NOTE that there are specific minimums on each item showing the smallest amount of a variety that can be ordered. Quantities of one ounce or more are quoted in most cases per ounce and any fractional ounce included with a full ounce may be computed at the ounce rate. EACH VARIETY must be treated as an individual purchase and may not be combined with other varieties for a lower quantity price. Please list all items decimally instead of by fractions wherever possible. We will, however, accept orders for fractions within the limits of quantities offered here and compute them for you in the event that our instructions are not clear.

TERMS OF SALE

PRICES — All prices are quoted on the basis of cash with order. Except where credit has been established and reference check made, no exceptions to this policy will be made. SEEDS can be sent C. O. D. and will be forwarded that way on request providing remittance of \$1.00 accompanies order to guarantee postal fees and handling costs. Strictly cash with order, collectable at U. S. par on all orders from outside the U. S. A. PLANTS and BULBS are NEVER sent out on a C. O. D. basis. ALL prices are subject to market changes without notice and all offers are subject to stock being available on receipt of your order.

REMITTANCE — May be by any of the usual commercial methods of transferring funds. The amount must be in United States money collectable at par for the full amount of the order. Service charges made by paying bank in excess of normal Banking Association will be charged back to the customer. We will accept postage stamps in denominations of 10¢ or smaller to the value of 50¢ ONLY. In larger amounts they WILL NOT BE ACCEPTED.

TRANSPORTATION — SEEDS will be shipped by insured post, prepaid. Free Air Mail delivery may be had on seeds under conditions mentioned in our literature. PLANTS and BULBS are delivered in so far as our responsibility is concerned when accepted by the transportation agency at Grants Pass, Oregon. Thereafter all goods travel as the property of the purchaser. SHIPMENT BY PARCEL POST will be made only when purchase is under a quoted prepaid price or customer remits full amount for postage. In the event postage is over-remitted prompt refund will be made. Unless these conditions are met all shipments will be made by Railway Express with charges collect. Insurance on Parcel Post shipments except seeds, will be taken at customers expense on instruction only and any risks involved are the purchasers.

OUR RESPONSIBILITY — In view of the reasonable prices quoted herein and the varied conditions under which this stock will be grown after leaving our care it is manifestly impossible for us to guarantee in any manner, cultural or descriptive, the crop resulting from the use of the material listed. Ordering from this list will definitely be construed as your acceptance of these terms as set forth and it is understood that in all cases our liability shall be limited to the actual purchase price paid for any material supplied.

ALL OFFERS ARE MADE SUBJECT TO CROP AND PRIOR SALE.
